+91 9790951814 | jharieharan@gmail.com | github.com/alexwebbx | Chennai, TamilNadu

TECHNICAL SKILLS

Front-end Frameworks: Angular, BootStrap

Programming Languages: HTML, CSS, Typescript, Javascript, C, CoreJava, SQL

Libraries & DataBase: Angular Material, RxJS, ngx-toastr, Dynamo DB, Cosmos DB

Tools: Angular CLI, Amazon Connect, Jira, Confluence, Figma, Postman, WinSCP, Git, GitHub

SUMMARY

Results-driven Angular Developer with 2 years of experience building and maintaining scalable and responsive web applications. Skilled at delivering high-quality jobs with cross-functional teams. Seeking to leverage my expertise in front-end development and problem-solving skills to contribute to a dynamic development team.

EXPERIENCE

TATA CONSULTANCY SERVICES

May 2022 – PRESENT
Chennai, India

EasyJet Airline

Description: **call management web application**, which helps you to keep track of all the calls made and received by users.

Tech Stack: Angular 17, Bootstrap 5, HTML, CSS, TypeScript, Amazon Connect, Dynamo DB

- Designed and developed an end-to-end single-page responsive web application with embedded **Amazon Connect Contact Control Panel using Angular 17**.
- Integrated **5 RESTful APIs (GET, POST, DELETE)** to connect the front-end with the back-end services using **HTTP Client** Module.
- Identifying and resolving **3 complex and 5 minor bugs** by debugging the code. Which in turn increases the performance by **40%**.
- Implemented authentication using **Active Directory Single Sign-On (SSO)** to maintain security, which validate up to **500 users**.
- Contributed **50%** in collaboration with team members to create **wireframes and UI/UX interfaces** using Figma, based on customer requirements.
- Created and managed the project repository, version control in **GitHub** using **Git commands**.
- Independently deployed the application in Akamai NetStorage using **WinSCP** tool.

WalGreens

Description: **Healthcare web application** with dedicated sections for insurance claims, billing and product delivery.

Tech Stack: Angular 8, Angular Materials, HTML, CSS, TypeScript, Cosmos DB, Postman

- Managed and controlled the behavior of components and directives using the **Angular lifecycle Hooks method**, which increased performance by **10%** and facilitated easier maintenance and control over the application.
- Worked on **routing and dependency injection in Angular**, ensuring seamless navigation and efficient service management within the application..
- Worked on implementing **shared services and data sharing between components** in an existing application, which enhanced efficient communication and state management across the application, increasing **performance by 5%**.
- Served as part of a **triage team responsible for bug fixing** during the live phase of the project.
- collaborated with team members and customers to enhance stakeholders' vision by delivering comprehensive documentation.

PROJECTS

Ecommerce Website

Url: jharieharan@gmail.com

Description: .

Tech Stack: Angular 18, Angular Materials, HTML, CSS, TypeScript

- Designed and developed an end-to-end single-page responsive web application with embedded **Amazon Connect Contact Control Panel using Angular 17**.

EDUCATION

Rajalakshmi Engineering College
B.E. in Mechanical Engineering
CGPA: 8.87

Chennai, India
Aug 2018 – May 2022

Velammal.Matric.Hr.Sec.School
Computer Science
Score: 1120/1200

Chennai, India
Jun 2016 – Apr 2018

CERTIFICATIONS

- Angular (Udemy)
- Core Java (Udemy)
- Generative AI (Linkedin)

ACHIEVEMENTS

- **On The Spot Award:** Awarded for outstanding contributions to product delivery and achievement of organizational goals.
- **Best Team Award:** Recognized for exceptional teamwork in delivering high-quality products within specified time limits.

AREAS OF EXPERTISE

- Application Design and Development
- Project Management
